SINCE 1926  
.....

# *who* WE ARE

Richter and Company is a family-owned, and family-grown business whose farmers have delivered fruits and vegetables from field to table since 1926. We're proud to offer the finest labels in the South, handpicked and sent at the peak of freshness.

Richter and Co. is known as a "Family of Farms," a trademark that developed through close, personal relationships with the growers we serve. Together, we provide families in the U.S., Canada and Mexico with Southern peaches, Vidalia onions, sweet onions, bell peppers, blackberries, strawberries and watermelons.

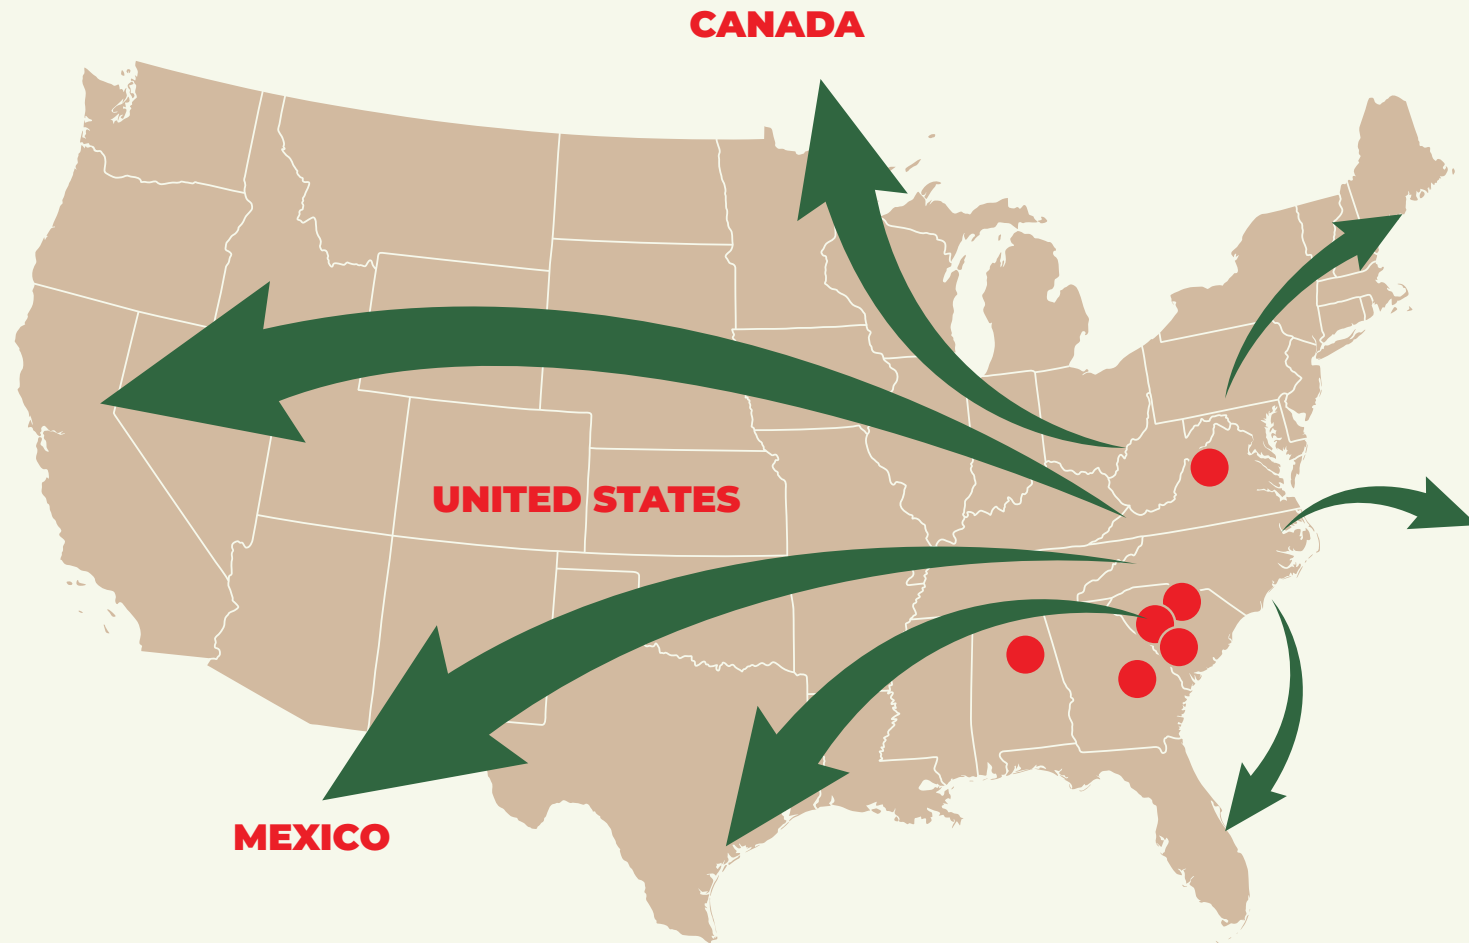

Richter is one of the world's largest distributors of fresh Southern peaches and a major shipper of Vidalia onions.

## **STANLEY FARMS**

Collins, GA.

The Stanley Farms brand has signified quality, honesty and integrity since 1975, when R.T. Stanley grew his first 5 acres of onions in south Georgia. Richter and Co. markets Stanley onions every step of the way, and we're proud to partner with them during a historic re-launch of the Stanley Farms label and Vidalia onion program.

The Stanley family grows, processes, packs and ships produce throughout North America. In partnership with Richter and Co., sweet onions branded under Stanley Farms will be available year-round.
